Indicators Used

INDICATOR	DESCRIPTION AND HOW IT WAS CALCULATED
Undergraduate Graduation Rate	For all external reporting, such as IPEDS in the U.S. Department of Education, the university calculates a six-year graduation rate for each entering cohort. The percentages reported are the students retained and graduated from the entering cohort and based on the major at the time of exit.
Graduate Graduation Rate	A three-year rolling average of cohorts entering in the six to three years prior. As a part-time, evening program, MBA students can take between 18 months to six years to complete the degree.

Job Placement Rate	Based on surveys of graduates within one year of graduation (The Master of Accountancy is a small program and relatively new. Therefore, the number of graduates during this period were two)
