

Welcome! As a ministry to the Palm Beach Atlantic University community, our mission is to promote physical, mental and spiritual health and well-being. Our desire is to provide all health services and programs from a Christ-centered perspective, enabling each person to fulfill academic, personal and spiritual goals.

The Counseling & Wellness Department provides a variety of both free and low cost medical and counseling services. We also offer a wide range of health programming to the university community including educational programs, blood drives in cooperation with area community blood centers and an annual flu shot clinic.

We look forward to serving you!

Please use this checklist to confirm you have submitted all of your required health forms to Counseling & Wellness.

All health forms required for admissions are submitted electronically.
