

PURPOSE

OBJECTIVE 1 – Remain anchored to Christ as GSOP's foundation

Goal 1: Embody the mission of GSOP to advance its vision

Goal 2: Foster personal and corporate spiritual development grounded in Christian faith among faculty, staff, and students.

Goal 3: Strengthen the presence of students, faculty, staff, and alumni on the medical mission field

OBJECTIVE 2 – Pursue academic excellence

Goal 1: Maintain full accreditation by the Accreditation Council for Pharmacy Education (ACPE)

Goal 2: Improve student preparedness

Goal 3: Explore new programmatic opportunities and distinctives

Goal 4: Promote didactic and experiential curricular efficiency

Goal 5: Ensure curriculum evolves with contemporary pharmacy practice

Goal 6: Utilize evidence-based teaching and assessment practices

Goal 7: Increase research and scholarly activities

Goal 8: Contribute to the advancement of clinical pharmacy services

OBJECTIVE 3 – Develop servant-leader pharmacists who raise the standard of practice

Goal 1: Cultivate servant leaders and lifelong learners

Goal 2: Increase engagement in professional organizations

PEOPLE

OBJECTIVE 1: Recruit and retain missionally fit GSOP team members (i.e., faculty, staff, and administration)

Goal 1: Support continuous professional development and lifelong learning

Goal 2: Promote faculty, staff, and administrator well-being

OBJECTIVE 2: Admit students who are positioned for success

Goal 1: Strengthen pre-pharmacy advising and engagement

Goal 2: Promote student well-being

POSSIBILITIES

OBJECTIVE 1: Enhance the GSOP's impact through experiential education, interprofessional collaboration, graduate training, and alumni engagement

Goal 1: Collaborate with other health care programs and healthcare facilities to provide high-quality interprofessional education and collaborative practice

Goal 2: Explore opportunities to expand and diversify post-doctoral training opportunities at GSOP

Goal 3: Explore additional opportunities to develop alumni relations

Goal 4: Advance experiential education to ensure practice-ready graduates

OBJECTIVE 2: Explore innovative curricular approaches and technologies to keep pharmacy education current and relevant

Goal 1: Develop electives that provide meaningful learning opportunities for students

Goal 2: Explore new certificate programs

Goal 3: Assess opportunities to maximize technology integration and simulation

OBJECTIVE 3: Explore new sources of revenue for GSOP

Goal 1: Explore additional opportunities to develop alumni fundraising opportunities

Goal 2: Secure grant funding to support research, educational initiatives, and program development
